

Evaluation of Collective Worship 06.05.21

RG – I liked the concept

AB – I liked that everyone was encouraged to keep going and persevere

OR – I think that every collective worship we should talk about Nurture.Grow.Shine. I'd like it if we did rotas for prayers at every Collective Worship

AB – I also liked that we were thinking about always trying our best and making the most of every day because it's important for our learning

RG – We'd like to do all of the prayers and music for the collective worship every day

OR – Put up words for people to reflect on across the school for Nurture.Grow.Shine. We'd also like the mustard seeds again.

AB – I think we should also put posters up around school to tell everyone what we do as Worship Leaders

SB – Maybe, we should change your role to 'Vision Leaders' as you have some great ideas for helping children learn about Nurture.Grow.Shine and the parable of the Mustard Seed!
