

This week, we are learning to read and spell words containing long vowels sounds **a, e, i, o** and **u**.

Level 5

Top Tip

The vowels **a, e, i, o** and **u** can make both their letter sound or name in words. The letter sound is short while the letter name makes a long sound, for example:

'a' makes the long sound /ail/ (acorn, bacon)

'e' makes the long sound /eel/ (we, be)

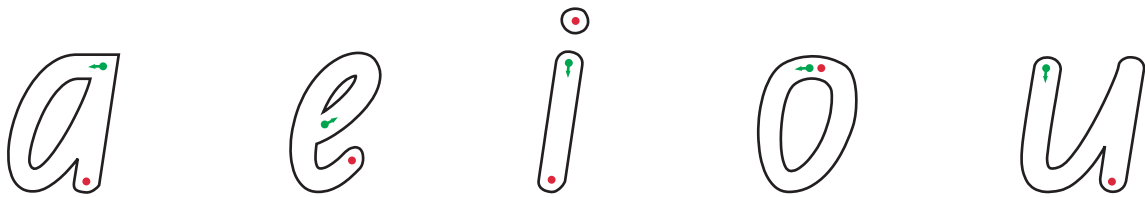

'i' makes the long sound /igh/ (kind, wild)

'o' makes the long sound /oal/ (gold, hotel)

'u' makes the long sound /yool/ (uniform, unicorn)

Sometimes you might read a word with a short vowel sound but it doesn't make sense. You can then try reading it with a long vowel sound.

Formation

Finish at the red dot.

Word List

Can you read these words?

apricot

kind

lemur

return

human

music

hotel

donut

wild

apron

Sight Words

who

why

Spelling Words

their

want

Home Learning Challenge

Level 5

Can you sort these words below into words with a short vowel sound and words with a long vowel sound?

paper wild uniform post crab twin sock
grind neck motel pepper humid me land slug

Short Vowel Sounds

Long Vowel Sounds

Now write two sentences using at least three of the long vowel words you found.
